

CLIENT

Apex Roofing & Restoration

INDUSTRY

Residential & Commercial Roofing

LOCATION

Texas, USA

BUDGET

\$6,000 / mo

THE CHALLENGE

Low quality leads & high CPL

- Cost per lead exceeded \$180 with weak intent
- Phone calls were not tracked or attributed
- Generic keywords drained budget on tire-kickers
- No dedicated landing page — bouncing at 71%
- Competing with 30+ local roofers on same terms

OUR STRATEGY

Intent-first search + local geo targeting

- Restructured account into SKAG + tight match types
- Built high-converting landing page (mobile-first)
- Added call tracking & offline conversion imports
- Negative keyword sculpting — 480+ terms blocked
- Storm-season bid scheduling & geo radius bidding

THE RESULTS // 90 DAYS

Booked Inspections

“

We went from struggling to fill the calendar to turning down jobs. Our phone hasn't stopped ringing — best ad spend decision we ever made for the roofing business.
